

Care of Earth Angelus

The Angel of the Lord declared to Mary

--And she conceived of the same Holy Spirit that breathes life into each of us and into all creation.

Behold the Handmaid of the Lord,

--Let it be done to me according to the Word of our Loving Creator who works life-giving miracles in each of us, and when we can listen, all creation speaks of God's presence.

And the Word of God became flesh

--and dwells among us, infusing each person with life, love for creation, and hope for eternity.

Pray for us O Holy Mother of God

--that we may be worthy of the promises made to us, as keepers of the covenant, to care for our sisters and brothers and all creation, great and small alike.

Let us pray:

Pour forth your grace into our hearts, O Lord, that we will hear the message of your incarnation as a call to be present to all living creatures. By your passion, cross, and resurrection, may we know that you have loved us into being and will always show us the way to love one another and all of your creation. Amen
